RE: Brannon Road (KY 1980) Improvement Project
Jessamine County
Item No. 7-414

Dear property owner:

The Kentucky Transportation Cabinet would like your input again on improving Brannon Road (KY 1980) from Harrodsburg Road (US 68) to Nicholasville Road (US 27). The project team has assessed the comments from the first public meeting and created some alternates that we would like to share. The purpose of the meeting is to gather input from the traveling public and local residents about the potential alternates and options that we have analyzed since the last meeting.

The meeting will be held on Tuesday, June 3rd during the hours of 5:00 to 7:00 p.m. The location will be Building F at Southland Christian Church, 5001 Harrodsburg Road. The meeting will be an "open format" style meeting with no formal presentations. Exhibits will be on display showing the alternates we are considering. Each exhibit location will have the same display and representatives to explain them. Representatives from the Highway Department, EA Partners PLC, and Guthrie/Mayes Public Relations will be present to answer questions about the project. A questionnaire will be distributed at the meeting to help record the comments on the project alternates and choices.

We appreciate your patience as we work to improve our highway infrastructure. Should you have any questions or concerns prior to this date please feel free to contact me at the Kentucky Transportation Cabinet's District 7 office.

Sincerely,

A handwritten signature in cursive script that reads "Joshua Samples".
