RE: Brannon Road (KY 1980) Improvement Project
Jessamine County
Item No. 7-414

Dear property owner:

The Kentucky Transportation Cabinet would like your input on improving Brannon Road (KY 1980) from Harrodsburg Road (US 68) to Nicholasville Road (US 27). We are at the beginning of the design process and do not have any alternates yet. The purpose of the meeting is to gather input from the traveling public and local residents about concerns and improvements that should be addressed as the Transportation Cabinet moves forward in developing the project.

The meeting will be held on Thursday, June 20th during the hours of 5:00 to 7:00 p.m. The location will be Building F at Southland Christian Church, 5001 Harrodsburg Road. Exhibits will be on display showing the corridor as well as example roadway types and other information. The meeting will be an 'open format' style meeting with formal presentations at 5 p.m. and 6 p.m. Representatives from the Highway Department, EA Partners PLC, and Guthrie/Mayes Public Relations will be present to answer questions about the project. A questionnaire will be distributed at the meeting to help record the comments and opinions.

We appreciate your patience as we work to improve our highway infrastructure. Should you have any questions or concerns prior to this date please feel free to contact me at the Kentucky Transportation Cabinet's District 7 office.

Sincerely,

Joshua Samples, P.E.
